

FIRE AND EMERGENCY SERVICES LEVY TO BE REVIEWED

The NSW Government will defer the introduction of the Fire and Emergency Services Levy (FESL) to ensure small to medium businesses do not face an unreasonable burden in their contribution to the State's fire and emergency services.

It is anticipated the NSW Government will introduce legislation to make the necessary legal changes in the week commencing 19 June.

The FESL will continue to be collected via insurance policies until the NSW Government has completed its review of the policy and the funding requirements of fire and emergency services agencies will be met in full.
